Mr. Dulles:

Referred to a cable to [REDACTED] and noted that since this message was a policy matter it should have been cleared with either DD/P, COP or him. Mr. Dulles also said that it may be necessary to send a follow-up on the above-cited cable. 25X1A6a

Mr. Wisner:

Reported that General Swing had taken a personal interest in Mr. [REDACTED] and had asked permission for one of his representatives to interview him about this individual. Mr. Wisner pointed out that we had furnished the FBI and I & NS all the information we had on this man. Mr. Dulles said he was well aware of this case and noted he would personally speak to General Swing should he call. ACTION: DD/P.

Mr. [REDACTED]

a. Referred to the Agency notice directing that 5 per cent of our personnel engage in training activities and said from the wording of the notice it was not clear to him nor to his people the precise arrangements that should be made to comply. Col. White noted that training had been taken up at the time the Director had discussed with him, General Cabell and others our overall personnel situation and it was General Cabell's impression that the Director had approved the recommendation that 5 per cent of our personnel participate in the various courses offered by the Director of Training. After some discussion it was agreed that DD/S would raise this matter with General Cabell upon his return.

b. Raised the question of wives of our overseas personnel working for the Agency. The Director asked that this matter be studied on a case by case basis and specific recommendations be made to him in each instance. ACTION: COP.
